Response Rate	9/22 (40.91%)
<ul style="list-style-type: none"> • The power points paired with the good lectures are the best part. All you will ever need to pass this course. • He talks extremely clearly and truly explains the topics rather than just reading off the slides. • His shown passion for the course clearly helps students engage and become excited for class which is the most valuable. His availability for office hours and to answer student questions are the most useful. • Listening to students and what we needed helped a great deal! With things like the game theory, Professor Roe would go over it in videos or before we started a lecture because he knew it was a subject we needed more work on. • engaging teaching; passionate about subject matter. • I appreciate the in depth walk throughs of the various game theories that were introduced into the class. I have learned about the game theories in a previous course, however, Professor Roe explained it better than my previous course did. I understood a lot of the topics that were covered and was able to apply it to current events. • - daily lectures were interesting - he went above and beyond with making sure that every student understood the content, especially the game theory portion of the class - the quizzes and tests were very fair and matched up with the material (no curveballs) -instructions for the research project was very clear and i liked how we were able to select the journal articles we had to write about • He knew the subject matter very well which helped in describing each topic to the students • The fact he included the powerpoints to canvas

<ul style="list-style-type: none"> • He was extremely helpful and always let us schedule office hours where he explained past material and helped so many of us. • Thank you!!! • Thank you so much for being a great instructor! • Harley Roe is a great teacher • I just wish that attendance wasn't required as I've been able to learn the material pretty well but a 9 am class for 5 days a week is hard for me to do since I have other classes too. Because of that I don't know if I will receive a C or an A-
